JOSIAH TURNER, Jr., EDITOR.

FRIDAY, AUGUST 6, 1869.

From the Augusta Chronicle and Sentinel.

OUR MACON LETTER.

FURTHER DEVELOPMENTS OF THE TURNER FORGERY CASE.

Swayze Implicated and Suspected of Other Offences Against the Laws.

The Reason Why Turner was Discharged.

The Dismissal of Officer McNeil.

MACON, GA., August 2, 1869.

I promised you in my letter of the 27th ult., that I would let your readers into a little more of the secret history of the Turner affair, and explain why it was that the arrest and examination was so long and so improperly delayed.

It will be recollected that when the woman Harris was recalled to Atlanta while in charge of Lieutenant Purcell, of your police, on her way to Augusta for examination she made a full and explicit confession, in which she most positively and unequivocaly implicated Turner as the party from whom she obtained the forged bills of the First National Bank of New Jersey.—The reason of this recall of Marian Harris to Atlanta for examination there, has never been accounted for. I think that I can explain it fully.

On the Friday afternoon that Lieut. Purcell left Atlanta with Harris it became known to a few persons in the ring that she had or would complicate Turner, on her examination in Augusta. Bullock and other friends of Turner determined to get Harris out of Purcell's possession for the purpose of influencing her to keep silent as to Turner. This could be best accomplished by having her brought back to Atlanta. Able counsel were employed and some *manipulations* of United States officials practiced and the result was an order by telegraph from the Acting U. S Marshal directed to Purcell at Union Point, on the Georgia Railroad, directing him to return immediately with his prisoner to Atlanta. When the train reached Union Point at 12 o'clock Friday night Purcell found the telegram there, ordering him to return. This he did. On the same night notice was given by telegraph to Turner, then in Macon, to go immediately to Atlanta and see the woman Harris. To deceive Purcell, Tim Murphy and others, who were really anxious to have justice done and the woman and Turner committed, they were informed that Turner had been arrested, and that he and the woman Harris would be examined and committed on Monday.

In the meantime, other United States officials were placed in charge of Harris and the process of manipulation began.—Sharp lawyers were taken to her in the interests of Turner, and free and full communication was allowed between them and Harris. What was said and done at these repeated interviews and consultations, can be readily divined by the results which followed.

The sham investigation was had and Harris discharged on straw bail for $1,500. Turner returned to Macon fully secure that the storm had passed.

The arrest and examination of Harris brought other parties on the scene. An official of the Treasury Department was closely watching the proceedings, and became fully satisfied that both Harris and Turner were legally guilty, and at his instance Harris was again arrested and committed. He had made other discoveries which were important, and which required his presence for some days, in Mason.

Several months since some of the genuine plates in the Treasury Department at Washington had been stolen. These were the plates used for the printing of the twenty-five cent and fifty cent postal currency. As you readers are aware, the *signatures* to these notes are *engraved* with the balance of the note. The possession of the genuine plates would enable the party having them to strike off real genuine currency, in every respect exactly like that issued by the Treasury Department. When these plates were stolen a reward of ten thousand dollars was offered by the Government for their recovery. Suspicion fell at the time upon the hords of carpet-baggers and scalawags then in Washington from the South, urging further prosecutive measures against this section. Detectives were set to work, and while pursuing the trail the arrest of Harris occurred.—Developments growing out of her trial led to the belief that Turner, Swayze, and other Georgia Radicals, were the guilty parties. Efforts were redoubled to secure the "plates." It was soon discovered that a large quantity of new currency of the 25 and 50 cent denomination had been put in circulation during the Spring and early Summer in Macon. To this city these detectives came immediately.

For the purpose of concealing their object and movements, it was necessary that Turner's fears should be quieted and that the woman Harris should be closely confined and deprived of communication with outsiders, and particularly with Turner and Swayze, Blodgett, and others of the Ring. Very soon evidence was obtained which satisfied this officer that the "plates" were in Macon and had been used here. A number of the bills issued here were discovered, and hopes at one time indulged that the place of secretion of the plates found out. A large quantity of this currency had been put in circulation by Swayze. It was thought that the plates were worked in his office and a trap had been set to catch him and which promised success. Just then Marian Harris was again discharged from custody and the arrest of Turner could no longer be delayed. The matter was precipitated by this improper discharge of Harris, who, under the influence, if not the positive directions of Bullock and Blodgett, were thus set free.

In the meantime Swayze had become alarmed lest Turner should turn State's evidence against him, and to head Turner off took sides in the prosecution against the latter. He, doubtless, calculating that if T. should blow it on him after he had arrayed himself against Turner that his story would be attributed to a spirit of revenge and fall harmless to the ground.

I have the best reason for believing that the postoffice and the Treasury departments at Washington were satisfied of the guilt of both Turner and Swayze, and that other leading Radicals in the State known as the Blodgett ring, were as deep in the mud as Turner and Swayze were in the mire. The effect upon the Radical party of a conviction of its most trusted leaders in this State would have been terribly damaging. Such a catastrophe would ruin the party in the entire South and bring it into disgrace in the North and West. Hence it was determined to relieve Turner and stop the investigation against Swayze. To more surely effect the latter purpose the detective McNeil who was working up the case was summarily dismissed from office. And it is said and generally believed here that if Commissioner Morrell had withstood the pressure brought to bear in Turner's favor for trial he, too, would have lost his place.

SINGULAR CASE OF MISTAKEN IDENTITY—WAKING UP THE WRONG PASSENGER FOR A DEFAULTING EXPRESS AGENT.

On Tuesday we gave in brief the particulars of the robbery of the Merchants' Express Company of $10,000 at Pacific City, in Mills county, this State, by an absconding agent. It appears that the agent absconded with the package on Friday, the 16th inst. An effort was made to trace him, and at Council Bluffs it was supposed his trail had been found. A man answering the description of the agent, H. Brayton, had taken the train on Saturday or Sunday for the East. Despatches were sent along the line of the road, but too late at Cedar Rapids, where the supposed fugitive was remembered as having left the Northwestern road on Monday morning, and it was supposed had taken the cars on the Southwestern road for Dubuque, thence to cross Wisconsin.

The fact was dispatched to Council Bluffs, and thence the dispatch was sent which was placed in Marshal Hardy's hands here a few moments before the arrival of the arrival of the train Monday afternoon.—This dispatch gave a description of the man who had changed cars at Cedar Rapids, but not so particular as to render indentification an easy task. Marshal Hardy hastily looked through the large number of passengers, and finally fixed upon his man as he was proceeding to the levee to take an up river steamer. There could be no doubt that he had captured the man described in the dispatch, but singular enough the Marshal was soon satisfied that he was not the absconding express agent. He explained the matter to the gentleman and requested that he would visit the express office with him without an arrest, and there relieve him from the responsibility of releasing the person whom he had so particularly been instructed to arrest.

The gentleman, who gave his name as Irving Gray readily assented to this, expressing this confidence in his ability to convince the express authorities that a mistake had been made. Mr. Gray therefore accompanied the Marshal to the express office, but his remarkable resemblance to the absconding agent caused the gentlemen of the office to demand his detention until the following day, when the superintendent of the division in which Pacific City is located would arrive and definitely settle the question of identity. Mr. Gray was accordingly bound over in the sum of $20,000 until Tuesday. Not having a habit of carrying that sum in his pocket when travelling, and being a stranger in the city, he was compelled to accept the hospitalities of Sheriff Bucknam. It should be remarked, however, that the police officers were already convinced that Mr. Irving Gray was not the fugitive H. Brayton.

On Thursday the express superintendent arrived, bearing with him a photograph of Brayton. It was a very likeness of Mr. Gray, with some change of whiskers and bleaching of the hair. The superintendent visited Mr. Gray, and although well acquainted with Brayton, could scarcely believe at first that he was not before him. He became convinced speedily, and Mr. Gray was honorably discharged, his only offence being that he wonderfully resembled in form and feature a very honest and genteel appearing yet dishonest express agent.

A TRUE CHRISTIAN.—This story—good to read in these days of business avarice—is told of Mantucket a generation ago:

"It was a very severe winter, and the harbor had been frozen four weeks. The coal in store had long been exhausted and there was much suffering from lack of fuel. Even the fences had been torn down and burnt to eke out the scanty supply of wood. To the great delight of the towns people the ice broke up one fine morning and a schooner was seen approaching. There was much excitement, and before the vessel was moored a coal dealer boarded her and eagerly addressed the honest Quaker skipper, Captain Gifford. "Wal, Cap'en," said he, "You've about hit it this cruise, I guess I'll hev to take y'ur hul cargo. S'pose you'll want more'n the usual $7 a ton. Wal, I like to do the thing square by a friend, and I'll give you $12 a ton fur it." "Friend," said Captain Gifford "thee can have one ton if thee likes for $8, but only one ton; all must have a chance." Some days one of the richest men in the place joined them, saying: "I want ten tons of your coal at your price—name it. I have suffered enough for once." He received the same answer, and so did all—one ton for each family, and $8 as the price of each ton. No love of gain, no solicitation, no regard for individuals could move honest Captain Gifford.

A STORY FROM "NED BRACE."—A friend sends us the following story from "Ned Brace," the famous humorist of "Georgia Scenes." We do not remember to have heard it before, and do not think it has ever been in print:

Mr. Bacon, of Edgefield, S. C., the brother of the Georgia Scenes, under the name of Ned Brace, was once courting a lady either in Georgia or Carolina. She had refused him frequently, and he as often renewed his suit. At one interview she became exceedingly annoyed at his importunity and told him she could not marry him, that their tastes, opinions, likes and dislikes, were totally different; "in fact," said she, "Mr. Bacon, I don't think there is one subject on earth upon which we agree."

"I assure you, Madame, that you are mistaken," said Mr. Bacon, "and I can prove it."

"If you will mention one thing about which we agree," said she, "I will marry you."

"Well," said Mr. Bacon, "I will do it.—Suppose, now, you and I were traveling together, we arrive at night at a hotel, and there are only two beds vacant, in one there is a man, and in the other a woman, which bed would you sleep in?"

She arose indignantly and replied, "with the woman, of course, sir."

"So would I," earnestly, replied Mr. Bacon.—*Columbus Sun.*

THE Ætna is the LEADING LIFE INSURANCE COMPANY in North Carolina.

Largest amount of Losses to Widows and Orphans!

The Largest Revenue to the States. And has by far the largest number when compared with 58 Companies reported officially by the Commissioners of New York and Massachusetts it will be seen that the Ætna ranks as one of the first Companies of the Continent. But two of the fifty-eight Companies permitted to do business in New York and Massachusetts had so large an income for the year 1868; but two had so large a number of Policies in force, but one among all those incorporated under the laws of the State of New York had so small a per centage of Expense to Income during the year 1868.

Its expenses are lower than most Companies', and consequently its ability to make and pay liberal dividends to the insured is greater than that of most other Companies. It is one of the great Companies of the land in Income, in Assets, in Number of Policies, in Amount Insured, in Solidity and Strength, in Soundness, Cheapness, Promptness, and Success. Persons contemplating this mode of investment in the future as in the past would do well to examine the claims of all and take a policy accordingly.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

FRIDAY, AUGUST 6, 1869.

GLORIOUS NEWS from Tennessee! Conservative Governor and Legislature elected: See telegraphic dispatches.

THE ELECTION YESTERDAY.—As will be seen by the table, there has been a tremendous falling off in the vote in this County, since last Fall. The vote as given in the table is official except Wakefield, which is from report.

We have nothing from Franklin up to the time of going to press. The result in the district is in doubt, and must be close. If anything from Franklin be received before going to press it will be found in the telegraph column.

"GOVERNOR" HOLDEN'S PRESUMPTUOUS INSOLENCE.

When "Gov." Holden used to edit the *Standard* as a secession journal and in the interests of the Democratic party, he *claimed* to be a *mighty* man; he said he could "kill and make people alive" politically, and he actually thought so for a while, but he found out after awhile that the great men of his party laughed at him as a presumptuous *snob* and *upstart*, and then he got mad at them and quit them; he eat dirt and a great deal of it of a very filthy character, and joined a new party; he flew to the embrace of the poor gullable colored people and tried to make them believe that he was always for them and was their especial friend, and, by accidental circumstances, got the negroes of the State blinded so that they elected him to be "Governor." Well he now claims again to be a *mighty man*, that he can again kill and make alive. So he threatens to turn Cebe Harris out of his party, tells his *Standard* newspaper to tell the party and the people so; but he don't stop at that, he tells them he will turn Harris out of the office of Superintendent of Public Works, to which the party elected him; he tells the *Standard* to tell the people so. Now don't he put on airs? Can't he kill and make alive? Will Cebe and Dockery and Logan and other great men stand off and laugh at the "Governor" as a presumptuous *snob and upstart*, as the leading secessionists in this State used to do? We will see. But we say it is most likely that they will submit to the great "Governor" as the "King buzzard of the roost." Yes, they will submit. Holden is indeed the head of his party! He is fit, and deserves to be the head of such a party!

THE DAY OF RECKONING WILL COME.

That the State has been cursed and almost ruined by a class of "carpet bag" vultures from the North, aided by degenerate and too often corrupt natives, is patent to anybody who opens his eyes. We have not been slow to tell the people of the villianies that have been perpetrated and are yet being perpetrated, day and night, by the present State government, at the expense and injury of the people, black and white. We intend to continue to do so regardless of cost or consequence.

Our firm conviction is that the people will not tolerate these villainies a great while longer; the day of reckoning cometh, and it will be terrible. The "carpet bagger" race will then hurry off to some other field of spoils and laugh at the calamity of their dupes and co-workers in iniquity; but the *native* culprit must answer at the bar of public opinion, and in many cases at the bar of the Court for high crimes. We tell the native scalawags that the day is not far distant, when the thin vail that now hides their crimes from public gaze will be withdrawn, and they will be exposed to the scorn and indignation of an outraged people. Yes, and that small class of our people who claim to be good and true men, who, for the sake of a little gain, have *secretly* colluded with the bad wretches who have plundered an impoverished the people without mercy, they, too, will be exposed. Yes, we repeat, the day will come when all or many of such crimes will be mercilessly exposed. And such perpetrators of crime will thenceforth be a *stench* in the nostrils of all decent men, white and black. Everybody will hate them, mock and hiss at them as they pass by. The Penitentiary fraud will be exposed, the the Railroad frauds will be exposed; it will yet be known how much money was used to corrupt the members of the Legislature, who used it, who paid it, and where it came from; it will yet be known how many warrants have been made on the Treasury not authorized by law. We have the best of reasons for saying that the passage of the Railroad acts cost the State tens and hundreds of thousands of dollars. The people will yet ferret out those who so recklessly and criminally spent the treasure of the people. Yes, gentlemen, the day of reckoning will come. Mark what we say! Let every man watch how he connects himself even innocently with those who have so outraged the State and the people.

THE UNIVERSITY AND THE PUBLIC SCHOOLS.

Under the Constitution there must be a general and uniform system of free Public Schools in the State. The provision is a wise one. The poor, as well as the rich, should be educated. To effect this purpose a number of teachers for each county will be required. They should be well qualified for the task. A school will ordinarily not derive from the labors of an incompetent teacher a tithe of the good to be obtained from the services of a first class instructor. Indeed positive injury is not infrequently the result of committing the child to the tuition of a bad preceptor.—During the brief period at which our children can attend the Public Schools, we wish them to derive the greatest amount of good.

While we have among us some citizens who will make excellent teachers in the Public Schools, still it will hardly be supposed that we have enough of this class, nor even denied that there are comparatively few who are ready to undertake this most important duty. Heretofore we have been too far compelled to look abroad for our primary school teachers as well as for the Professors in our higher Seminaries of learning. We must do this still where our own citizens are unable to come into competition, in point of ability, with those who have had the advantages of an education in the Universities and Normal Schools at the North. Between an applicant from abroad and a native citizen of equal competency, doubtless the preference would be given to the latter. But regardless of sectional preferences, be they just or unjust, we must select the best teachers. Must North Carolina always suffer the taunt that she is dependent upon others for instruction, and like a stupid girl forever sit begging at the feet of her sisters? Hitherto she has properly, because necessarily, done so.

The Constitution provides that the University shall be held to an inseparable connection with the Free Public School system of the State. It further requires the establishment and maintenance, in connection with the University, of a Department for Normal Instruction. It is advertised that this Department, together with a general course of University Lectures, will be opened the next session; and that the benefits of the institution are offered, free of charge, to a limited number of residents in the State, upon application with satisfactory testimonials. This liberal offer will enable our own citizens successfully to compete for the important position of teachers in our Public Schools. The normal instruction at the University should, and doubtless will, be such that a certificate of graduation would not only give the candidate an implied but actual advantage. Even a brief season spent there, of a few months or weeks, among the Libraries of the University, in the class rooms of the Professors, and with the benefit of the free lectures, could not fail to be of service.

The Trustees very properly, in the selection of a Faculty, chose only men who had stood aloof from the arena of party strife, and who had spent most of their lives as practical teachers, and in literary and scientific pursuits. The Professors elect accepted, as their opponents would probably have done under similar circumstances.—They will not reasonably be expected to allow themselves so soon to be driven by invective, from a position of usefulness and honor. They will hardly attempt to give to the institution a partizan or sectarian bias, or to influence the minds of their students in these respects. The political and religious views of young men in the University should, and must, be untrammeled and free as the air of heaven. Passion and prejudice may exist for an hour, but grand and decisive advances in the cause of popular education are chronicled by the centuries.

A NORTH CAROLINIAN.

Aug. 4, 1869.

MYSTERIOUS ROBBERY.—The express car running between Savannah and Macon, Ga., was robbed a few nights since of a money package containing $4,900. The messenger fell asleep while on a portion of the line between Savannah and Millen, and then it was that the thieves effected the robbery.—Three men are suspected, but at last accounts no arrests had been made. The messenger is a young man of high character and no suspicion attaches to him.

BOGUS MASONRY.

A Mr. Pierce, from somewhere "down East," we suppose, has been raising the wind by making bogus Masons among the colored people of Richmond. The *Dispatch* gives the trial of Pierce before the Mayor of Richmond, on a charge of obtaining money under false pretenses. The following is the substance of the facts elicited at the investigation:

The complainants in the case were R. B. Jones, R. H. Burke, L. W. Williams, Henry Randolph, George Walker, R. Loney, J. T. Matthews, Richard Adams, James Smith, John Banks, William Umber, and W. J. Wells.

Mr. Moise appeared as counsel for Pierce, who seemed much embarrassed during the whole investigation.

The following documents were submitted to the Mayor by the complainants:

"WASHINGTON, D. C., A. L., 5569.

"*To all whom it may concern:*

"Know ye that by virtue of the power and authority vested in us we do hereby constitute and appoint our worthy and well beloved brothers W. J. Well, Robert L. Lowrey, Benjamin R. Harris, J. C. Carter, C. K. Jones, James Washington, Richard Adams, John Banks, W. D. Jackson, Plumer Cooper, and Moses Gardner, officers of a Lodge to be known by the name of the "TRUE BROTHERHOOD," No. 1, to be held in the city of Richmond, State of Virginia, in the Division of North America.

"And we do further authorize and empower our said truly and well-beloved brethren to admit and make *Free Masons* after the most *ancient and honorable custom of the Royal Craft* in all nations throughout the known world, and not *contrarywise*.

"And we hereby appoint the forementioned brethren and their successors to determine all matters relating to the Craft within the jurisdiction of the State of Virginia. They are hereby empowered to install their successors, to whom they shall deliver this warrant, to invest them with all power hereunto appertaining: *Forever provided*, That the brethren whose names are hereunto written shall pay due respect to the Grand Lodge of the United States and the ordinances thereof. Given in open *Grand Lodge*, under the hands of our Worshipful Grand Officers, at Washington, this 24th (St. John's day) June, 1869, A. L. 5569.

"A. G. MASER, G. S.
"J. H. ORT, G. T."

"RICHMOND, Va., June 23, 1869.

Received of W. J. Wells, Secretary of True Brotherhood Lodge, No. —, the sum of thirty five dollars ($35) to pay for a dispensation for said Lodge this 23d June, 1869.

WILLIAM PIERCE,
W. M. *pro tem.*

No. of a $20 bill, 933,169; No. of a $5 bill, 775,511; No. of a $5 bill, 10,807.

Mr. A. Mayer, Washington, D. C."

The witnesses were all examined as to the amount of money paid Pierce, and every one, in almost every particular, corroborated each other's statements.

Dr. J. B. Brock, and Colonel Egbert, Chief of Police, regular and recognized Masons, and members of Lodges of this city, were examined. They could not say positively that the dispensation (given above) was a forgery. Did not know whether a dispensation required the seal of the Grand Lodge. Colonel Egbert stated that he would not recogaize any one working under such a dispensation.

Several witnesses initiated by Pierce as members of the "True Brotherhood" testified having paid money to Pierce.

The Mayor, at this juncture of the case, though a Mason himself, thought prudent to send for Dr. John Dove, W. B. Isaacs, W. H. Crew, J. H. Dowell, and other prominent Masons of this city. These gentlemen, upon being apprised of the facts, proved beyond a doubt that the transactions of Pierce were fraudulent.

Mr. Dove, being sworn, stated that he was a Master Mason and Grand Secretary of the Grand Lodge of Virginia. The bogus document was handed him, and, upon a thorough examination of the same, he emphatically pronounced it a forgery.

In answer to questions by the Mayor and counsel for the accused Dr. Dove said that it would be an act of extreme ignorance on the part of any regularly instituted Lodge to recognize persons initiated under the forged paper alluded to. There was no such institution as the Grand Lodge of the United States. He would undertake to say that no one could be made a Mason by anybody whomsoever unless that body was provided with a proper dispensation. He thought that any man could teach the secrets of Masonry without a dispensation in the same manner as he could teach the alphabet; but it would not necessarily follow that those made acquainted should be recognized as regular Masons, for no one has the right to teach or initiate persons in Masonry, under any circumstances, without the proper authority. He would invariably require a stranger making himself known to him as a Mason to produce evidence to show when and where he was made a Mason.

Mr. Isaacs's evidence, in substance, corroborated the statement by Dr. Dove. He also pronounced the paper a forgery, and would not recognize any one initiated under it. In answer to questions by Mr. Moise he said that it would depend upon the appearance and the manner of the man before he would recognize him as a Mason. If, however, satisfied that he was a Mason, witness would receive him as such. Could not say that he would require documentary evidence.

Some other evidence of an important nature was introduced, and the Mayor sent the accused on to answer indictment for felony, with the remark that he had been guilty of one of the worst crimes that could be committed against a community.

In regard to the election in Kentucky, the Louisville *Courier-Journal* of the 3rd inst. says:

The election which occurred yesterday involved nothing which could awaken public interest. The choice of members of the Legislature was made without political excitement, and the contests for seats in that body were generally between candidates professing the same faith and adhering to the same party. The School Tax was not a party question, and was submitted to the people almost without discussion. The race for Treasurer was a spontaneous affair and was regarded with indifference because everybody knew that Tate would be elected. Under these circumstances it is not strange that returns are meagre and come in very slow. Some day musts elapse before the exact result of the small vote polled can be known. In the meantime our friends abroad may rest assured that there will not be more than a baker's dozen of Radicals in our next General Assembly.—No other significances attaches to the election in this State which has just passed off so quietly.

A DISCOVERY.—The workmen in overhauling the old fort St. Augustine, Florida, discovered several subterranean cells, or prisons, each of which, contained a long iron upright box and a human skeleton in irons. It is supposed these were refractory Spanish soldiers, or perhaps prisoners of war, who were incarcerated in these sweat boxes and left there to die hundred of years ago.

PUBLIC MEETING.

HERTFORD, Perquimans Co., July 31st, '69.

A Convention of the Conservative citizens of Perquimans County was held in the Court House at Hertford, on Saturday, July 31st, when the following proceedings transpired:

On motion, Wm. R. Blanchard, Esq., was called to the Chair and Elwin Berry, Esq., elected Secretary.

Upon motion of Thos. A. Gilliam, Esq., a Committee of three citizens—C. W. Woods, Thos. G. Skinner and George B. Fleetwood, were appointed to report resolutions expressing the sense of the Convention upon public affairs and the duties of civil officers. The Committee retired; and in a short time, presented the following resolutions, which were unanimously ratified and adopted by the Convention:

RESOLUTIONS.

We, the citizens of Perquimans county, in Convention assembled, do hereby declare and resolve:

1st. That the National Government should be administered in the interest of the whole people and for their advancement and welfare.

2d. That we demand, as we have a right to do, that the State Government shall be administered in the interest and for the benefit of all its citizens and not in the interest of any party or faction.

3d. That we require of the civil officers, who may be elected in the approaching election, a fair and faithful discharge of their duties towards the whole people of the county without regard to race, color, previous or present condition, and not in the interest of any party or faction.

4th. That we demand of the Justices of the Peace who shall be elected, that they administer justice alike to the rich and poor, white and black, banned and unbanned and well convinced of the pernicious influence of Judicial officers engaging in party strife, both on and off the Bench, we solemnly request and insist, that all the candidates for the office of justice shall abstain entirely from participation in public political demonstrations and all exercise and exhibition of partizan or political predjudices.

5th. That we regard the recent action of the Supreme Court of our State in the case of the protesting lawyers as arbitrary, unjust, illegal and subversive of popular rights, and if imitated by the interior Courts will result in disorder, or the triumph of tyranny over the freedom of the Press; and we therefore fully and sincerely approve the course pursued by the members of the State Bar who presented this Protest as a disapproval of those Judges who compromised the dignity and purity of their stations by participating in political contests for partizan purposes.

6th. That the wasteful and profligate use and appropriation of the people's money by the present Legislature, resulting, as it has done, so conspicuously in corruption and a distressing increase of the burden of our taxation, merits and we trust will receive the execration of the people of North Carolina, irrespective of party, race or color.

7th. That the prostrate condition of our University, once the brightest ornament of the State, and one of our most useful public institutions is to us a subject of profound disappointment and sorrow; that we believe it to be the result of the same bitter proscription and party zeal which has produced all our poverty and distress, and confident as we have every reason to be that its departments are now filled by incompetent and unworthy teachers, we call upon the authorities, who have the power, promptly to dismiss all such from their stations and supply their places with Professors, having the true educational interests of our youth at heart, and who possess both the desire and capacity to restore to our University its former prestige and reputation, and make it such an institution of learning as will reflect credit upon the State, and contribute the blessings of a thorough and liberal Education to its citizens.

8th. That we believe nothing so essential to the welfare of our State as peace and good order; that we sincerely desire the end of all bitter party strife, which have distracted and divided our people, and for these purposes we earnestly call upon all public officers to administer the duties of their offices solely for the best interests of the State, and especially that all Judicial officers abstain from the excitement of party contests, in order that the people may enjoy the security and protection which results from the proper and decent administration of Justice.

A Township meeting was then organized for the nomination of civil officers in Hertford Township.

A Committee of seven was appointed by the Chair, composed of the following gentlemen: Thos. H. Gilliam, Thos. G. Skinner, Joseph S. Fleetwood, Dr. J. J. Shannonhouse, John A. Morgan, Henry C. Stokes and Darius White, who were instructed to select and present to the meeting the names of *honest, capable* and *intelligent* candidates for the civil offices of the Township.

The Committee unanimously reported the following Candidates:

For Justices of the Peace—D. P. Doughtrey, Abram Bonner, Exum Stokes.

For School Committee—Robert B. Cox, Samuel A. Truell, Josephus White.

For Township Clerk—Patrick H. Welch.

For Township Constable—Arthur L. Butt.

The nominations by the Committee were unanimously confirmed by the meeting.

Upon motion it was resolved, that the Secretary transmit a copy of the proceedings for publication in the Raleigh SENTINEL and the *Newbern Journal of Commerce*; upon motion, the meeting adjourned *sine die*.

WM. R. BLANCHARD, *President.*
EDWIN BERRY, *Secretary.*

WATERING HORSES WITHOUT STOPPING. A Jersey genius has invented a device for watering horses when traveling or at work, by which their thirst may be assuaged without stopping. It appears to be more particularly designed for the benefit of the draft animals of city street cars. The bit of the bridle or head-stall is made hollow, and has attached a flexible tube communicated with a tank carried in or on the vehicle. By pulling a string the water is caused to flow into the bit, and thence through a suitable orifice into the horse's mouth.—This beats the apparatus for filling locomotive tanks without stopping.

There has been a terrible fight in a negro Baptist Church in Louisville. A "sister" whaled the parson most unmercifully for slandering her, and then the adherents of the high contending parties set to and whaled each other. In fact, it seemed as if they all decided to strike oil by going into the whaling business. The police put a stop to this exhibition of wool, in which so many participants were worsted, and peace once more reigned among the Scipios and the Dianas.

Thomas Beaver, of Danville, Pennsylvania, who recently donated twenty-five thousand dollars to Lafayetteville College, has donated a similar amount to Dickinson College, at Carlisle, for the purpose of endowing a professorship.

An association for the promotion of skating on parlor-skates has been formed. What will people associate to do next?

STATE NEWS.

BOLD AND DARING ROBBERY.—The tobacco factory of Mr. D. S. Keen, of this town, was broken into last Monday night at a window and eight fifty pound boxes of fine tobacco manufactured for Elison and Smith, taken therefrom. The tobacco was not branded and stood upstairs. The rogues did not touch 200 boxes of branded tobacco belonging to Fuller and Wilkerson, of Leasburg, which way deposited at the windows on the first floor—they seem to have fancied unbranded boxes. Their booty was put on a boat hauled up near the factory and shipped to some point on the River. Detectives are on the scout, and parties are suspected.

P. S.—Four negroes are under arrest.—*Milton Chronicle.*

DROWNED.—We regret to learn that Walter, son of Mr. Wm. F. Hall, of Scotch-Irish township, in this county, was drowned at File's Mill a few days ago. He was going to the mill and while crossing the bridge, which passes immediately over the mill dam, the mule which he was riding took fright and threw him into the pond where he drowned. He was about ten years old.—*Old North State.*

GO IT WILMINGTON.—This go-ahead city is doing things up "according to Gunter." She has now her street cars running and a fire engine in practice.

THE INTEREST TO BE PAID IN GOLD.—A member of the Board of County Commissioners informs us that the county now has on hand the gold with which to pay, on 1st September, the interest falling due on the bonds, to the amount of $50,000, recently issued and sold by the county.

We also, learn that the treasury is by no means minus greenbacks, and altogether the County Finances are in a good condition.—*Wil. Star.*

IMPROVING.—It gives us pleasure to state that Mr. George W. Taylor, who was so seriously bitten by a spider, at Beaufort, a few days ago, is slowly recovering. He will be able to attend to his customary business in a day or two.—*Newbern Jour. of Com.*

THE RADICAL SPIRIT.—The programme of Wells, of Virginia, indicates the peculiar direction in which radical fancy ever runs. He has been beaten at the polls, and is nowhere before the people. No matter; he must have the results of victory just the same as if he had the victory.—Canby must not announce the result till Congress meets, and Congress must hold the matter in suspense till the session goes over and thus continue in office the present powers, defeating the whole purpose of the election. This highwayman's plan comes from the present Governor himself.—*N. Y. Herald.*

THE GREAT REPUTATION

Which KOSKOO has attained in all parts of the Country

AS A GREAT AND GOOD MEDICINE,

has induced Dr. LAWRENCE to ENLARGE the LABORATORY and FACILITIES for MANUFACTURING, so as to be enabled to supply the extraordinary demand for it.

THE LARGE NUMBER OF TESTIMONIALS which are constantly being received from Physicians and persons WHO HAVE BEEN CURED by its use, is CONCLUSIVE PROOF of its REMARKABLE VALUE.

As a BLOOD PURIFIER, it HAS NO EQUAL,

BEING POSITIVELY THE

Most Powerful Vegetable Alterative

YET DISCOVERED!

DISEASES OF THE BLOOD.

"The life of the flesh is in the Blood," is a Scriptural maxim that science proves to be true. The people talk of bad blood, as the cause of many diseases, and like many popular opinions, this of bad blood is founded in truth. To say nothing of those humors that are hereditary, we can easily see how the Blood may become bad from imperfect Digestion or failure of exercise, and how this may influence the process of Nutrition, and thus influence all the functional activities of the body.

The symptoms of bad blood are usually quite plain—bad Digestion—causes imperfect nutrition, and consequently the circulation is feeble, the soft tissue loose their tone and elasticity, and the tongue becomes pale, broad, and frequently covered with a pasty, white coat. This condition soon shows itself in roughness of the skin, then in ERUPTIVE and ULCERATIVE diseases, and when long continued, results in serious lesions of the Brain, Liver, Lungs, or urinary apparatus. Much, very much, suffering is caused by impure blood. It is estimated by some that one-fifth of the human family are affected with scrofula in some form.

Persons suffering from any bad humor are very liable to have it settle on the Lungs or some other vital organ. The only safe rule is to remove the Blood poison at once, before it settles itself upon some vital point.

When the Blood is pure, you are not so liable to any disease. Many impurities of the Blood arise from impure diseases of large cities. Eradicate every impurity from the fountain of life, and good spirits, fair skin and vital strength will return to you.

MEETS WITH GREAT SUCCESS IN THE CURE OF

Diseases of the Nervous System.

Almost nine-tenths of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils of mental depression, confused ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work, [mental and physical] are causing diseases of the nervous system to increase at a fearful ratio.

The symptoms to which diseases of the nervous system give rise, may be stated as follows: A dull, heavy feeling in the head, sometimes more or less severe pain or headache; Periodical headache, Dizziness, Noises or Ringing in the Head; Confusion of Ideas; Temporary Loss of Memory; Dejection of Spirits; Starting during Sleep; Bad Dreams; Hesitation in answering questions; Dulness of Hearing; Twitching of the Face and Arms, &c., which, if not promptly treated, lead to Paralysis, Delirium, Insanity, Impotency, Apoplexy, &c., &c.

THE SENTINEL.

LOCAL DEPARTMENT.

FRIDAY, AUGUST 6, 1869.

☞ Thos. N. Ramsay, as Business Clerk, is authorised to make contracts and give receipts, &c.

The weather at Raleigh, N. C., as indicated by the Thermometer at the office of the North Carolina Land Company, Tucker Hall, Friday, August 6th:

9 A. M., 74. 3 P. M., 76.
12 M., 74.

See Here.—Mr. Rosenbaum proposes to sell his fine, splendid stock of Dry Goods at cost, for thirty days.

Meeting To-night.—Members of the Mechanics' Building and Loan Association will bear in mind the meeting at the Court House to-night.

Lecture To-night.—We are requested to state that a Lecture will be delivered this evening, at Commons Hall, by James Batleroy Taylor, the polytechnic philosopher and poet, on the subject of the eclipse expected to take place to-morrow afternoon. The Lecture will be announced by prolonged ringing of the Capitol bell, and lighting up of the Hall. Admission free.

That Infant.—We omitted to state yesterday, that the "dead infant" found in the bag of rags, was of the *feline* species. As the rumor which located the cat-astrophe on Hillsboro' Street, we suppose that was a little piece of mischievous pleasantry on somebody's part.

Election Incidents.—The following will show the price at which a vote was sold, yesterday, by some of the Rads:

A young man who accompanied Capt. Bozier to Jones county in the recent campaign, entered the Court room, where the voting was going on, when he was approached by Farris, (the man who went to Louisburg,) who presented to him a Hawkins ticket. The young man took it, laughing at the same time in such a way as to show that it was not the ticket for him.

Farris.—What! ain't you going to vote the Republican ticket?

Young Man.—I am a white man.

Farris.—What are your reasons for not voting the Republican ticket?

Young Man.—I am a white man and will not vote for a negro.

Farris.—I am white, and I vote the Republican ticket.

Young Man.—So you may; I don't think as much of you as I do of a negro.

Farris.—O, come—come, go with me to dinner, and take a *chicken leg* with me, and I think you will come back and vote the Republican ticket.

The young man, who gives us the story himself, declined, when Farris renewed the attack by saying, "come, vote the Republican ticket and come to me, you shall always have a friend."

The young man told him he did not buy friends with his vote, so he turned to the polls and put in a Perry ticket.

Two More that Wouldn't go Chicken Legs.—Two freedmen went in yesterday to vote, Farris met them and gave each a Hawkins ticket. One of them took the ticket and, after going through some very expressive pantomime with it, threw it on the floor. Farris said to the other, "*you* don't intend to vote the Conservative ticket, do you?" D—d if I don't," said his colored friend, "I bet you five dollars I do." "You are not old enough to vote," said Farris. "D—d ef I aint," said he, "and I'll bet you five dollars of *that*."

One of the poll holders then said "let them vote that way; they will lose their place if they don't." The white man who employs them, being present, said, "that is so; they vote as they please; there is no compulsion," and they voted for Perry.

Bozier, of the Jones brigade, took great pains to have a couple of young men to register. After they were duly registered, they turned round and voted for Perry. Poor Bozier looked as blank as he did when he returned from the Jones county campaign.

Tired of it.—Two negroes A. and B. in the Capitol Square last night were heard in conversation. A. asked B. if he had voted for General Hawkins to day? No, I did not. I am tired of voting; it has never done me any good yet, as I know of and I believe it has hurt me. Did you vote for him asked B? No said A. I did not vote at all.

This Conversation will account for the meagre Radical vote given at the polls at this place. For Grant, it was 1558; for Hawkins 679.

"Disappointments sink the heart of man."—We are informed, *sub rosa*, that Major General Willie D. Jones, after consultation with legal advisers, and learning that it is not legally necessary for him to resign his position of Senator in order to retain his place in the Revenue service, has concluded to hold on to both. We think there may be something in it, as the appointment to the Revenue was made early enough for him to have resigned in time for his successor to be elected yesterday.—And if it be true, we fear some of our friends may have the unpleasant reflection that they have "toiled all night and caught nothing." "Disappointments sink" &c.

"Cousin" Phil.—A friend from the East writes us, asking how it was that Mr. Richard Badger was Governor Holden's agent at the Railroad Meeting in Wilmington? Gov. Holden knew that Mr. Badger was for General Phil. Hawkins in the late canvass, and that was enough to give the Governor confidence and move him to create the agency. General Hawkins has many kinsfolks in this city. One of his kinsmen, speaking of another kinsman who voted for "Cousin" Phil because he was blood related, said it was no excuse, it was degrading the blood for Phil to be a candidate, and it was further degradation to vote for him.

Peace and Rain at Last.—Cebe appears to day upon the street without his big stick, and that is a sign of peace. He has in his hand a big umbrella and that is a sign of rain. May we have both is our wish and prayer.

Kinchiana in Trouble.—Miss or Mrs. Kinchiana Edwards, white, was up before Justice Adams to-day charged with being concerned in the corn stealing case mentioned yesterday, for which Russell Bass was committed. The case was made out against Kinchiana, and she was locked up to answer.

The Eclipse To-morrow.—This grand astronomical display will be witnessed to morrow evening, provided the sky be clear of clouds. The moon will move upon the sun's disc, to the people of Raleigh, at 18 seconds after 5 o'clock, the eclipse will become total at 51 minutes and 16 seconds after 5, and will last about one minute. The eclipse will end at 48 minutes, 51 seconds after 6.

We have already cautioned our readers against the danger of attempting to look at the eclipse with the naked eye. Get a piece of common window glass, and smoke it as smoothly as possible over a piece of burning pitch pine; this will protect the eye and, if not smoked too thickly, the eclipse can be seen through it as perfectly as with the naked eye.

Notwithstanding the many assertions made by the several Life Insurance Companies doing business in our midst, and the liberal advantages given the assured by them, we are, after a careful and unbiased examination of the many features and plans of the different companies, compelled to regard the Brooklyn Life Insurance Company as the most liberal, and offering the greatest advantages to the assured. Heretofore it has been the practice with Life Insurance Companies, (and is yet with all except the Brooklyn Life) to only give to the assured a paid-up policy for the proportionate amount of premiums paid, should the assured forfeit his policy by non-payment of premiums when due, which paid up policy would be paid to his family at death. But should the party desire to sell his policy to the Company for cash, he finds that they will give him only a trifle of the money he has paid them year after year. It is not so with the Brooklyn Life. Its officers, feeling that such was not "doing unto others as ye would others should do unto you," have adopted the "guaranteed cash surrender value plan," and issue with every policy a certificate stating how much cash will be returned to the assured at any time after two annual premiums have been paid, should his policy become forfeited by non-payment of premiums, or will give a paid-up policy for full amount of premiums paid in proportion to the whole number to have been paid. We regard the cash value plan of the Brooklyn Life by far the most liberal and just feature ever adopted by a Life Insurance Company, and truly deserving the success with which it is meeting throughout the country. To the mechanic and laboring man, whose family is dependent upon his labor for support, it is valuable, as, should he be thrown out of employment with no means for support nor money to continue paying his premiums, he has only to look at his policy to know how much money he can receive for the payments he has made, which amount he can obtain by presenting his policy to the office of the Company or its agent. This amount is so nearly the amount paid by him that he can but rejoice at the liberality of the Company and finds he has something to live upon until he can obtain employment. To the business man and capitalist, who may to-day be worth thousands and to-morrow meet with reverses that will sweep from him his entire fortune, it is beyond question the most desirable, as he may while in prosperity keep up his premiums, and should misfortune overtake him can realize from his policy enough cash to again commence business, or can use his policy (it having a cash value payable on demand) as a collateral for a loan or other business security. Its managers and directors are gentlemen of wealth and financial ability, and having had many years experience in the business are determined by strict economy and prudence in the management of affairs to yield to the assured the greatest possible benefits to be derived from a life or endowment policy. Its dividends have averaged over 40 per cent. upon the actual premiums paid, and are paid in cash annually (after second year) or may be left to increase the policy. It has no restriction upon residence or travel anywhere in the world. All policies are non-forfeiting after the second year. Its losses are paid immediately after death. *It is the only company in the world that guarantees a surrender value in cash to the assured, and this value is endorsed upon every policy issued.* We regard a policy in the Brooklyn Life the most desirable investment that can be made by rich or poor, and would advise all persons desiring a life or endowment policy to call at the office of the General Agent for this State, Capt. A. W. Lawrence, on Fayetteville Street, in this City, nearly opposite Market Square. Capt. Lawrence is also represented, by reliable Agents, in most of the cities, towns and villages of the State, from whom, as well as from himself, all further information as to the merits and workings of the Brooklin may be obtained.

Ten Months' Work.—To obtain from Congress a charter enabling an association of financiers to transact business in every State of the Union; to organize a company under such a charter; to open a main office and install a staff of officers therein; to select leading financiers and business men as general agents for transacting the business of the Company in the several sections of the country; to have these general agents so carefully examine their respective districts as to select the most efficient and respected men as county agents; to have these county agents, in turn, make judicious selection of local agents in cities, towns and villages; to prepare the multiplicity of blanks, forms, orders, instructions, pamphlets and other documents with which to supply all these agencies; to inform the public, through the medium of the newspaper press, of the existence of such an organization, the financial basis upon which it rests, and the ground-work of its claims to public approval and support;—these things would seem to be sufficient to occupy the first twelve months of such an organization, leaving to subsequent years the accomplishment of actual results. But we find a notable exception to such a course in the case of the National Life Insurance Company of America, chartered by Congress in July, 1868, and consequently not yet one year old. It has had all of the above mentioned work to do, and it is but rational that, in doing this, it should have met with the opposition of old established insurance companies. But the new Company has done far more. Indeed, its successful record, for the first ten months of its operation, has been most remarkable, and utterly unprecedented. It has already issued no less than 5 395 policies, representing insurance to the amount of over *fifteen millions*, an amount exceeding by nearly $5,000,000 that insured by any Company prior to 1863, in any full year of its existence, and nearly double that ever insured by any other company in the world, during its entire first year. After such an authenticated statement, there can be no doubt what the investing public thinks of the National Life.

Some of the especial advantages offered by this Company are set forth in the advertisement of P. F. Pescud the General Agent for North Carolina, in another column, and its operations will be explained, in further detail, at the office of this agency. We believe the National Life to be well secured—the paid-up capital of one million dollars is a good base to start from—and that it will be honestly as well as successfully carried on.

See advertisement of P. F. Pescud, the successful and very popular General Agent, for N. C., in another column.

From the Norfolk Daily Journal July 13, 1869.

New but Reliable.—A new remedy for purifying the blood and restoring the liver and kidneys to healthy action, and invigorating the nervous system, has recently been prepared and is now offered for sale to the public by Dr. J. J. Lawrence, of this city, under the name of Koskoo.

The gentleman by whom this medicine is prepared is not a quack, but a gentleman of well-known integrity in Norfolk, a man of scientific attainments, and a successful practitioner of medicine, and who has gained a national reputation as discoverer of the celebrated remedy—Rosadalis.

This new medicine, Koskoo, bids fair to outstrip in popularity the former preparations of Dr. Lawrence, and become not only a State but a National medicine.

On Saturday last, and for many days past, the sale in the Norfolk office has amounted to hundreds of bottles, and the demand is still for Koskoo, the greatest remedy of modern times.

We wish Dr. Lawrence abundant success in the sale of his health restoring medicines, and feel that in so doing we direct the attention of the public to a gentleman whose merits deserve a liberal and generous patronage.

WASHINGTON.

Washington, Aug. 5.—Gen. Banks will remain in Europe until November.

Revenue to-day $772,000.

Between four and five millions of ten-forties have been substituted for five-twenties as security for National Bank circulation since Secretary Boutwell's order allowing such substitutions.

The Ministers of France and Peru are at New York seeing about seized gunboats.

Cubans here have official advices to the 25th. Gen. Quesada still holds the communication between Puerto Principe and the coast. There is great suffering in Puerto Principe from want of food and from outrages. The volunteer forces before Jordan, reinforced by two regiments of volunteers, and a battalion of regular Spanish troops drove Jordan from his position near Santiago de Cuba with some loss. Jordan rallied his forces and, being reinforced by Figueroa, regained his former position. It is reported that a foraging party of Cubans near Remedios was captured. Another near Sagua le Grande was also captured. The two expeditions numbered 80, and it is feared were all executed. The Cuban troops are free from disease. A decisive action is expected in about twenty days, which, if successful, will give the Cubans control of the eastern portion of the island.

The N. Y. *Tribune*, in an editorial captioned "Old Virginia," says: "We protest against the exaction of the test oath as meditated by Gen. Canby. We want the leading Conservatives to take their seats in the new Legislature, swear fidelity to the new Constitution and ratify the 15th amendment, and we want the State admitted thereupon to representation in Congress and to all the rights of self-government. So we are confident do a very large majority of the Northern people."

MISSISSIPPI.

Jackson, Aug. 5.—The *Clarion* to-day published an address to the people of Mississippi signed by one hundred and thirty-six gentlemen of the old Whig and Democratic schools, representing nearly every County in the State. They advise that the people should support the National Union Republican party, and vote for the ticket that they present, assured that it will be composed of gentlemen actuated by conservative and patriotic principles. They yield no cold formal support, but are active, zealous and faithful, taking Virginia as their example in the coming contest, and assuring the people that this party sustains the views of President Grant and the Congressional plan of reconstruction. The National Union Republican party have called a nominating Convention to assemble on the 8th of September in that city.

FROM WASHINGTON.

Washington, Aug. 6.—The President says, where offices have been held for eight years the incumbents however competent must give place to persons equally capable, who suffered from the war. This ruling applies to Kentucky and its operations is illustrated in the case of E. A. Needham, Assessor at Louisville. The President directed the suspension of Needham and commission to be made out for Horace M. Bulkley. Boutwell insisted that Needham having been a faithful officer should be allowed to resign. This policy having been adopted, Needham telegraphs to-day asking if there were any charges against him, and received an answer that there were none whatever.

It is generally conceded that Tennessee has gone for Senter overwhelmingly. No county as far as heard, from gives Stokes a majority.

The New York *Tribune* says for a long time the result of the Tennessee election has been conceded on all sides. The fight made by Mr. Stokes has been the hardest kind of up hill work, and his chances have diminished more and more as the time for voting drew near. The few returns at hand, as we write, indicate the majority for Senter, as even a larger figure than claimed by his partisans.

The *Herald* says: "The most gratifying part of the news is that the contest passed off quietly and that all refreshment saloons were closed during the day."

The *World* says: "It is very gratifying in view of the efforts made by a portion of Grant's Cabinet to secure the election of that bald Radical Stokes. More important than this is the probability indicated by the returns that the majority of the members of the Legislature just elected are Conservatives, thus sparing the nation the disgrace of the addition to the United States Senate of another Radical. Whether the Senator "to be" will be Andrew Johnson, or Bailie Peyton, or Emerson Etheridge, or some person whose name has not yet transpired, remains to be seen. It is enough if the Radicals have been beaten in a State which they have held by the throat for years through a system of disfranchisement as sweeping as it was outrageous. Thus, one by one, the states that voted for Grant and Colfax are repenting their folly, and are courageously ranging themselves under the banner of the Democratic Party."

TENNESSEE ELECTIONS.

Nashville, August 5, M.—Returns show that Senter has carried Middle and Western Tennessee by sweeping majorities, making allowance for Stokes' probable majority in East Tennessee, the State has gone for Senter by twenty-five or thirty thousand majority.

The Conservative ticket for the Legislature are elected in all the districts carried by Senter. It is probable that the Conservatives will have a majority in both branches of the Legislature.

Redness, Sunburn, Tan, Freckles, Blotches and all effects of the Summer Sun disappear where it is used, and a genial, cultivated, fresh expression is obtained which rivals the Bloom of Youth. SPARKLING CATAWBA SPRINGS, CATAWBA COUNTY, N. C.

THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.

Being situated in the northwestern part of the State, in a country remarkable for its beauty and healthfulness—these, together with the virtues of the waters, make it one of the most desirable watering places to be found.

The MINERAL WATERS of these Springs are the White and Blue Sulphur and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility dyspepsia, rheumatism, &c.

The proprietor having spent a large amount in additional buildings and improvements generally, these Springs are now in a fine condition, rooms large and pleasant, and good cottages containing from two to six rooms each, well arranged for either large or small families.

Good TEN PIN ALLEYS, BILLIARD TABLES and other amusements.

FINE BATH HOUSES, for Pool, Plunge or Shower Bath, Sulphur Bath, Hot or Cold.

A GOOD BAND OF MUSIC

Will be at the Springs the entire season, and a good Physician permanently located for the benefit of invalids, who will have every attention.

Having secured the services of Mr. J. N. Carter, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford and everything done that will add to their pleasure and comfort.

The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Springs' depot, every morning, (Sundays excepted,) in connection with the North Carolina Railroad, avoiding stoppage or delay at Salisbury, and arrive at Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well-shaded road to the Springs—a distance of six miles.

As an inducement for families and parties to spend two months or more, I have concluded to put board down at the following low rates:

BOARD:

For one single month,	$50 00
For two or more months, $40 per month, or at that rate.	
Per week,	16 00
Per day,	2 50

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to everybody, and where the virtues of this *Pill* are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that it is unnecessary to publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

ONE HUNDRED YEARS TO COME

Who'll press for gold this crowded street
A hundred years to come?
Who'll tread yon church with willing feet
A hundred years to come?
Pale, trembling age and fiery youth,
And childhood with brow of truth,
The rich and poor on land and sea;
Where will the mighty million be
A hundred years to come?

We all within our graves shall sleep
A hundred years to come,
No living soul for us will weep
A hundred years to come;
But other men our land will till,
And others then our streets will fill;
And other birds will sings as gay
And bright the sunshine as to-day,
A hundred years to come.

The Age of Progress.

We publish to-day, the first scheme in the sale of Real and Personal Estate—a Company chartered by the last Legislature, with a capital of one hundred and thirty thousand dollars, and with power to increase that amount to five hundred thousand dollars. An examination of the charter satisfies us that the Company is pursuing a legitimate business; they are empowered to "dispose of Real and Personal Estate *in any mode or form* they may deem best," and "all laws, or clauses of laws, coming in conflict with said charter are hereby repealed." This is plain, and unmistakable English, and we have no doubt the transactions of the Company will prove beneficial to the property holders of North Carolina. For example: Mr. A. owns a piece of real estate which he wishes to dispose of. He throws it upon the market, and fails to get a bid that would warrant him in making a deed. He then places it in the hands of the North Carolina Real and Personal Estate Agency, at a fair valuation, and the property is sold by chance—the owner gets his price—the Company a fair and reasonable compensation for selling—and some poor man, for *two dollars* comes in possession of a homestead which, under any other circumstances, he would not have owned.

In fact, we do not view the Company as a Lottery,—it is what it purports to be, a simple Agency for the sale of property, for its true value, which, otherwise would be sacrificed.

We refer our readers to the advertisement—the splendid real estate offered, and the other rich prizes, amounting in all to THREE THOUSAND AND ONE—and the reader will perceive, by the simple rule of division, that there is one prize to every twenty-four tickets.

The General Agent of the Company has given us a call, and assures us, that the success of the Company is no longer a problem. In thirty-five counties through which he has just traveled, he represents the people as being enthusiastic in favor of it—both as to investing, and the placing of property in the hands of the Company for sale. He represents that already, before the first grand drawing has taken place, applications to sell, amounting to half a million dollars, are on file in the Secretary's office.

We learn from the Raleigh papers, that the explanatory drawing which took place in the city of Raleigh, on Saturday last, passed off to the decided satisfaction of a large audience assembled in Tucker Hall to witness it.—*Wil. Post.*

One three cent stamp must accompany every order. All tickets will have the seal of the Company and signature of the Secretary.

☞ We refer to any Merchant, Banker or other gentleman of standing in the city of Raleigh.
